Early Morning or Late Hour Arrivals

Rates listed above are for arrival times between the hours of 8AM and 5PM

A \$75 service fee will be added to clients requiring an arrival time before or after regular business hours.

Pre-wedding day Consultation or Trial Run

If you desire a pre-wedding day consultation you can book an appointment at my studio ahead of time which is located in Upcountry Maui just before Makawao town. I am also happy to provide this service at your location. My rate for this service is \$85 an hour. Most trial runs take approx. one to one and a half hours. Note that a \$50 (or \$75 for some areas) travel fee will apply to any service provided at your location.

Body Bronzing

This service has become increasingly popular. A non permanent bronzing makeup is airbrushed on the upper torso, back and arms. This is done to even out tan lines (the day of) or to create an all over warm glow to the body. It gives skin a soft golden, toned look for photos. Maui tanned skin in an instant!

\$65 for upper body.

\$100 Legs and upper body

This application dries instantly and washes off with soap and water

Airbrush tanning services

This service is a great way to get the extra color you want before the big day without the dehydrating effects of the sun. It's also great for evening out skin tone and tan lines on you and your groom or wedding party. Your tan will last approx. one week. Add this service to your trial run date for an additional fee of \$75 per person.

Book this service only for \$75 per person plus travel fees. Travel fee is waived (for tanning appointments only) on a party of three or more.

About airbrush makeup

Airbrush makeup services are recommended for clients who have hyper pigmentation, age spots, rosacea, eczema or heavily blemished skin. This application allows for perfect full coverage without a lot of heavy foundation. Depending on skin texture airbrush foundation looks very "doll-like" and "finished". It is a silicone based product that is waterproof, photo-friendly and can last up to 12 hours. It is not always the most natural application for every skin type. I travel with both applications in tow and will make a professional recommendation based on your skin and desired look.

About long lasting all-day makeup

If you are worried about sweating your makeup off in our warm and humid Maui climate, but don't require a full coverage makeup, then this is the service for you. Our airbrush silicone based foundation is brushed on by hand lightly covering what you don't want to see. This marvelous technique will keep your eyelids from creasing and your face from melting. It is waterproof, photo-friendly and can last up to 12 hours. Remain natural and flawless all day.

About Men's Service

This has become a very popular service in the last year, after all men want to look their best for photos too. One or more of the following may be a part of your individual service: trimming and shaping eye brows, applying a matting agent to combat shine, waterproof invisible solution applied to even out skin tone, under eye circles, blemishes, sunburn or tan lines on face and contouring of features, "lash lift". Men still look like

men, only a slightly better version of themselves. Every client who has had this service done has loved the results.

Touch-up service

Many brides would like someone on hand to help them maintain their makeup look after photos, dinner etc. Once initial makeup is completed I can be on-hand to freshen your face and the faces of those in your wedding party for the rate of \$65 per hour. I am happy to move to a new location if necessary. Travel time will be included into the hourly rate. I am not, in most cases, able to leave the wedding site and return at a later time. Any time spent touching up after initial makeup has been completed will be added on to your initial price at the rate of \$65 an hour.

Body work and tattoo cover-up

I am able to do bodywork and tattoo covering upon request. A trial run is required for any large cover job and a quote will be given based on size and time involved. Please make all cover up requests early to allow enough time on your day of service.

Note

I understand that many times your hair appointment runs late or flowers need to be picked up etc. I allow a 15 min grace period from the scheduled time for bride or attendant to arrive for their service. Any accumulated time spent waiting to provide service will be totaled and added to the original total of your bill at a rate of \$65 per hour. Above rates of \$105, \$95 and \$85 per person reflect a one time makeup application and does not include touch ups outside of a quick powder and lip check before I leave.

4.176% sales tax is not included in the rates listed above but will be added to your total
